Effective January 3, 2019 at 6am. The YY Taxiway between American Eagle Hangar and the T Taxiway, and the T Taxiway between Taxiways YY and T1 will be permanently closed for the continued construction of Runway 9C-27C.

A temporary YY taxiway has been constructed to allow taxi routes from the hangar area to the Z Taxiway.

Aircraft leaving hangar alley should expect a taxi route that will take them on YY to Z to SS Taxiways, then to the gate.

All taxi and movement teams must stay alert to changing taxi routes and be familiar with new taxiways and routes.
