

ORD AOA ALERT 2020

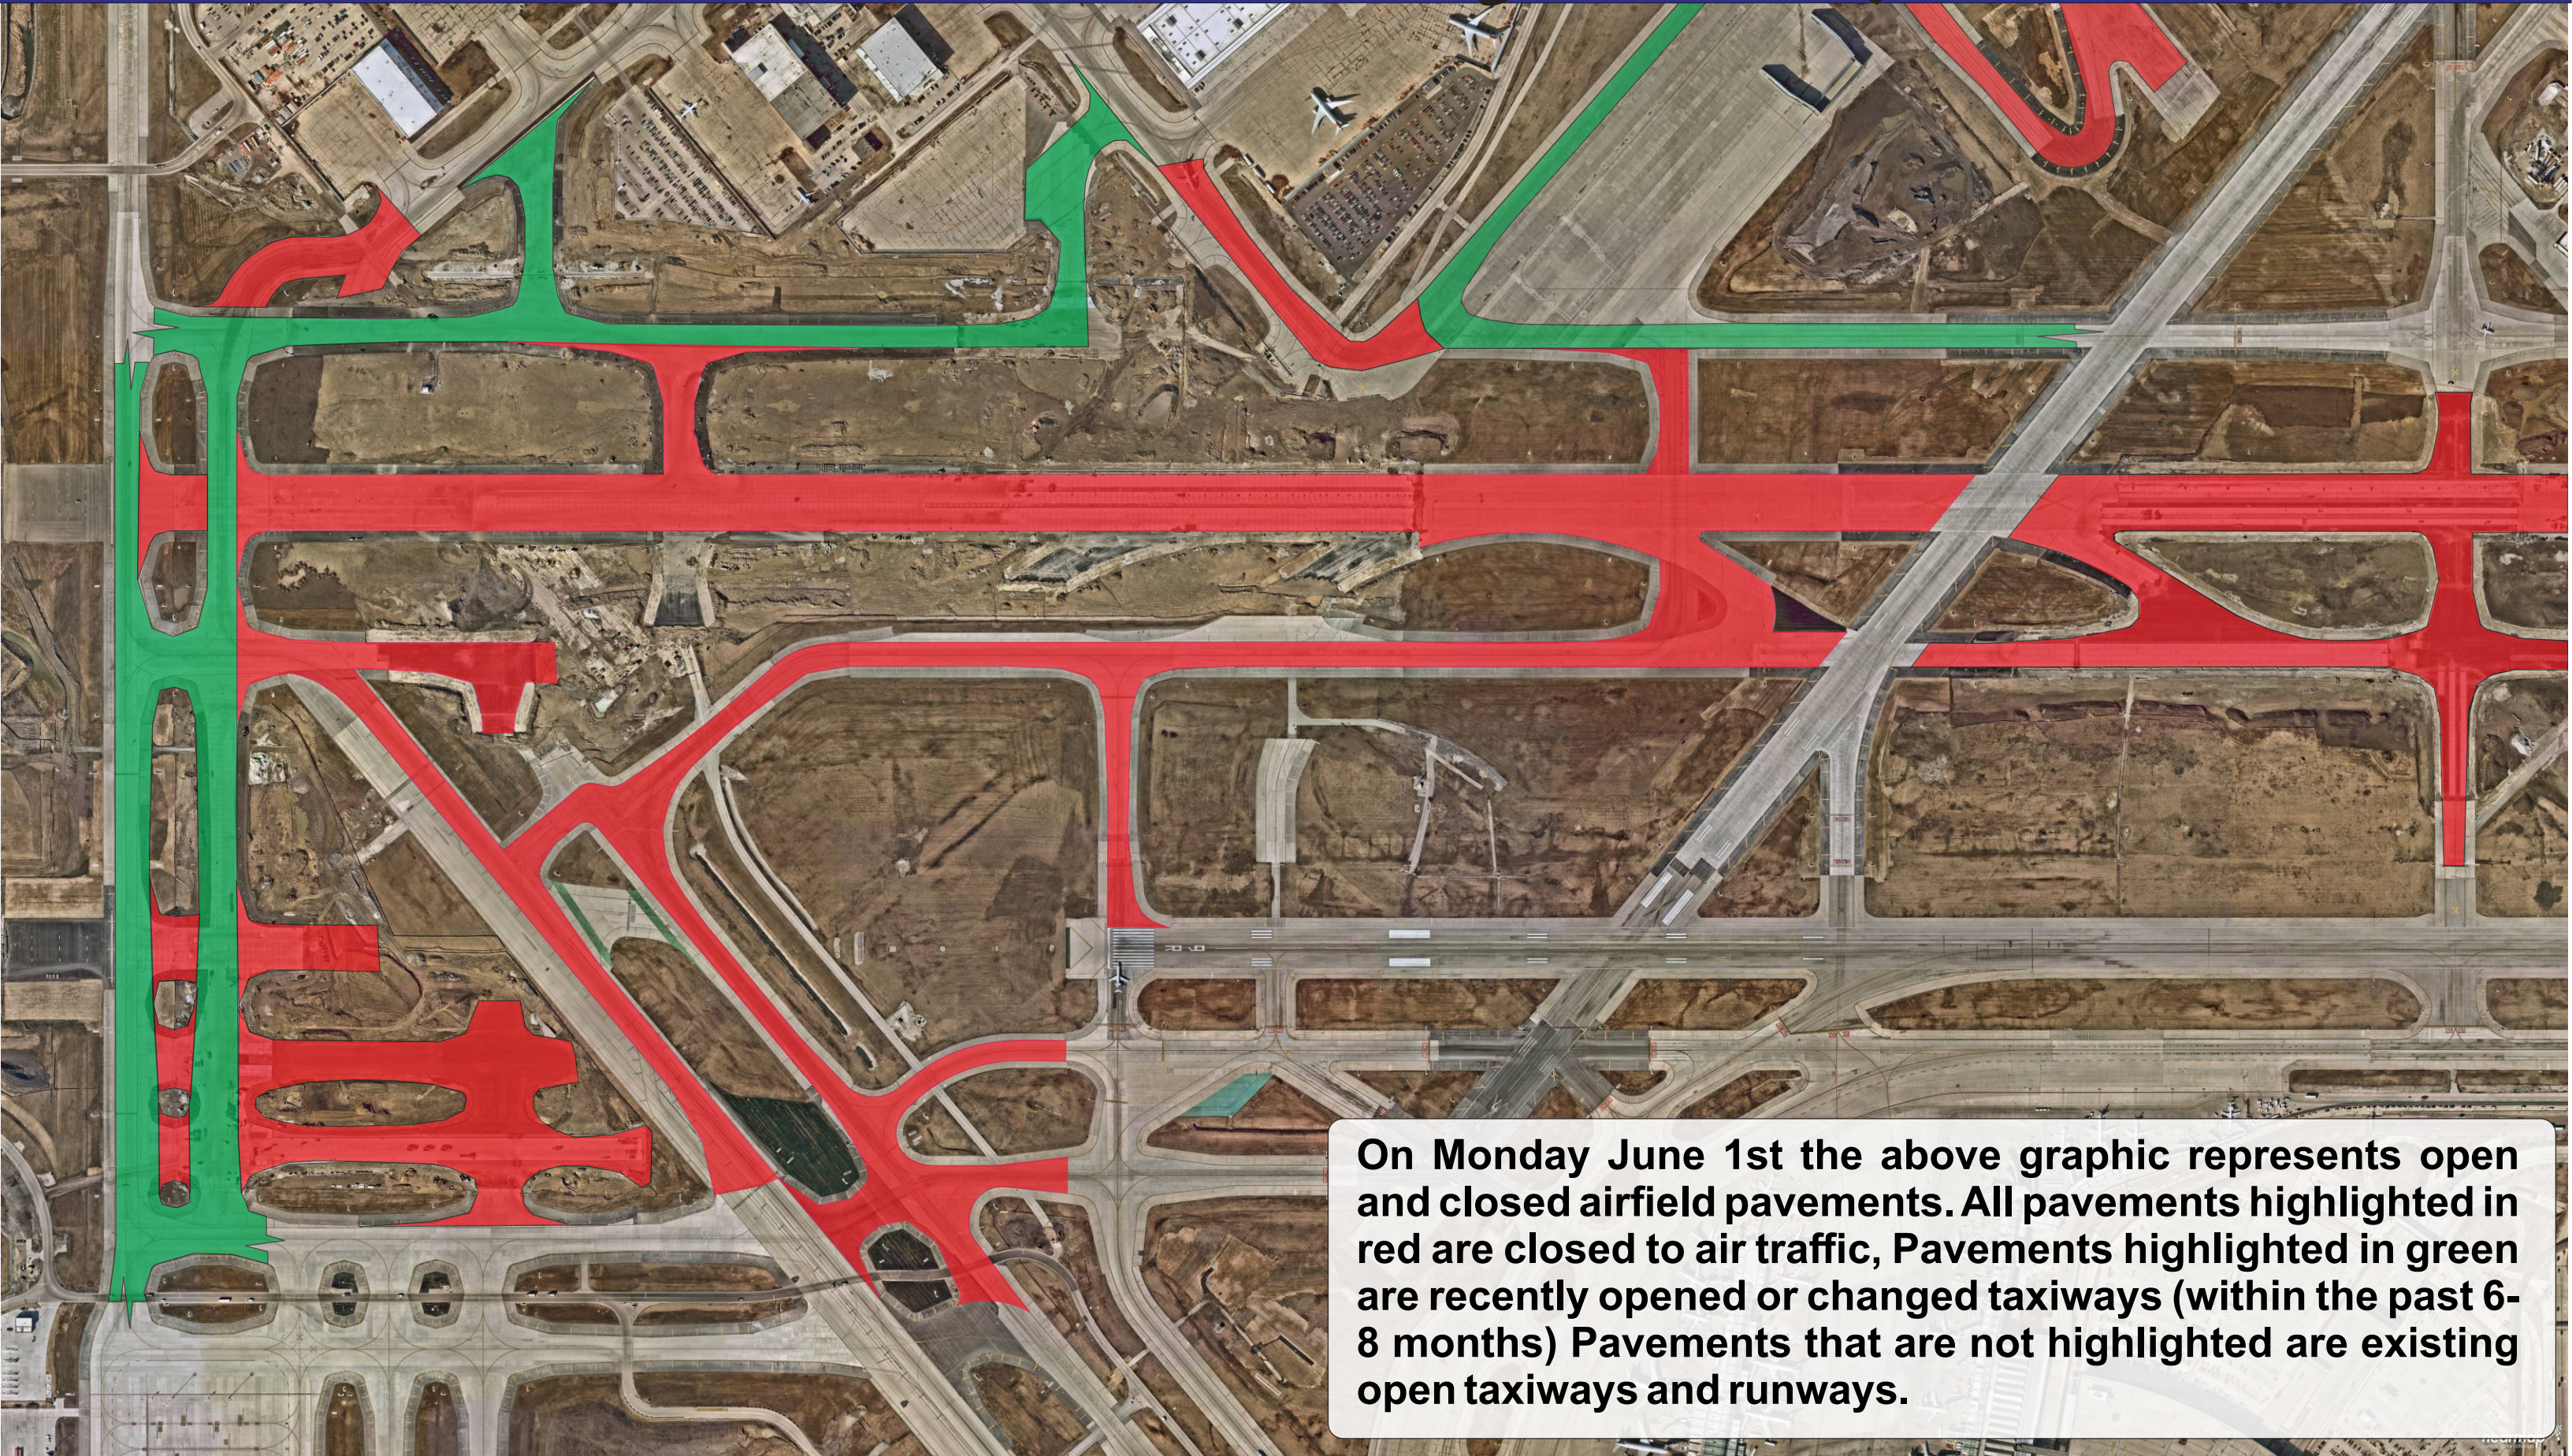

EFFECTIVE

Airfield Taxiway Changes on Monday June 1, 2020 6am.

Effective Monday June 1st, the taxiways highlighted in blue will be permanently closed for the next phase of construction for the Runway 9R-27L extension project. At some point between June 1st and October 1st the “J” Taxiway (highlighted in green) will be closed for 30 days for additional construction and connections into new taxiways. The exact date of this closures has not been scheduled but an separate AOAAlert will be sent out.

Airfield Taxiway Status as of June 1st, 2020

On Monday June 1st the above graphic represents open and closed airfield pavements. All pavements highlighted in red are closed to air traffic, Pavements highlighted in green are recently opened or changed taxiways (within the past 6-8 months) Pavements that are not highlighted are existing open taxiways and runways.
